

Brampton Cycling Club

2020 Return to “Official” Club Ride Guidelines

1. 2020 Official Club Rides will be posted on the Events Calendar for specified dates, start times, start locations and touring groups
2. The requirements to participate in any official 2020 BCC ride include the following:
 - You need to be a registered 2020 BCC member
 - You need to sign the Ontario Cycling Association’s on-line COVID 19 waiver which can be found at <https://waiver.smartwaiver.com/w/5ed1003b165fe/web/> Once you have signed the waiver you will receive a confirmation email - please be prepared to show that email to the Tour Leader at the start of any ride you attend
 - You need to login to your BCC account and sign up for any ride on the BCC Events Calendar you plan to join
3. Physical distancing will be in place at all times, at the lot before/after rides and (as much as possible) during rides, by spacing 2m apart
4. Registration for each posted ride will be limited to 10, meaning one tour leader and a maximum of 9 other riders. This will allow us to ride at an appropriate social distance without the group getting too long for other road users
5. If you register for a ride but cannot attend for any reason please un-register from the ride so someone else can take you place.
6. If you have not signed up for a ride on the Events Calendar please do NOT show up at the start for the ride.
7. All participants must bring a mask (along with hand sanitizer) to be worn before and after each ride for the safety of other participants. Also carry the mask with on the ride in order to enter any business during water/coffee/snack stops.
